HANMI OCCUPANCY AT 24% IN APRIL 2022

SAIPAN, NORTHERN MARIANA ISLANDS – The Hotel Association of the Northern Mariana Islands (HANMI) reported 24 percent average occupancy rate among its 12 member hotels for April 2022, compared to 8 percent average occupancy in April 2021.

A total of 10,406 of 43,810 available room nights sold during April 2022, compared to 2,811 of 34,160 available rooms sold in April 2021. Average room rates were \$139.83 compared to \$147.25 last April.

“April marked another month of substantial increase in average occupancy rates,” said HANMI Chairman Ivan Quichocho. “Not only did the occupancy percentage triple compared to last April, but more importantly, we also had 28% more hotel rooms open than a year ago. This is a clear indicator of hotel operations returning to normal. HANMI is also in full support of Japan market reopening in coming months. Incremental steps like these continue to rebuild our tourism economy.”
